I will flag this for folks internally.

Can you send me Chris' number in case there are any flags or challenges on our end?

Good morning, Mike. I hope all is going well during your transition! I just wanted to give you a heads up that Aqua's CEO, Chris Franklin, will be sending the attached letter to you. He's writing in support of an RACP for Magee Rehab in Philly. He's more than happy to chat if you'd like – I can give you his cell.

Thanks!

Dave

Mike,

Thanks for taking a look at that letter re: Magee Rehab. Chris will be in Harrisburg on April 25th. If you have time, it would be nice to sit down with you so Chris can give you an overview of Aqua and regulated water from our point of view. We might have some budgetary and DEP issues to discuss.

If there is someone in your office I can talk to for scheduling, I'm happy to work with him or her.

Thanks again!

Dave
